

Tangmarg, Baramulla, Kashmir.

NAAC Accredited

Department of Botany and Environmental science in collaboration with Eco-club and NSS Wing of GDC, Tangmarg organized plantation drive on 27-03-24 in the college campus with the aim of making the students aware about the importance of trees and ensuring Green and clean Campus. Around 150 Deodar and Pinus trees were planted by students and faculty members. The drive was kick started by worthy principal of the college Prof (Dr.) Irfan ul Majid. She in her address highlighted the importance of trees and advised such drives should be organized frequently as trees can save our environment from the threat of Global warming and climate change. Students and faculty members were appreciated by principal madam for their active participation in the drive.
