

Government Degree College Tangmarg

Report on World AIDS Day 2024

The Red Ribbon Club, GDC Tangmarg, organised various activities in connection with the “World AIDS Day”. The World AIDS Day 2024 theme is **take the rights path**. The path that ends AIDS is a rights path. In this regard, the Club organised a painting competition on the 3rd of December, 2024 in the conference hall of the college wherein the students participated with fervour and exhibited their talent through their paintings. All the paintings reflected on the dos and don'ts associated with AIDS thereby raising an awareness about AIDS.

The students of the college created reels through which they highlighted the different aspects associated with AIDS. The reels are available on the college website (www.gdctmg.edu.in) and the facebook page of the college (GDC Tangmarg Official).

The Club also organised a rally on the 5th of December, 2024 in the college campus for raising an awareness about AIDS. All the students and various faculty members of the college participated in the same and raised slogans so as to spread the message throughout.
